

An easy way
to budget for
your private
dental care

Smile with greater confidence

Would you go to the dentist more regularly if it gave you more confidence in your smile and was affordable too?

Denplan Essentials can help to make this possible, saving you time and money. It's an easy way of keeping up the great habit of regular check-ups and hygiene treatments without worrying about unexpected bills. The plan includes extras too - like worldwide dental injury and dental emergency cover.

Spot issues and avoid them

Denplan Essentials covers you for check-ups, dental x-rays, hygiene treatment and expert advice from your dentist. This enables your dentist to spot and avoid potentially complex and expensive dental problems before they happen. Your dentist has your interests at heart - and will also advise you on the best ways to keep your teeth in excellent condition.

It's a great feeling when everything's sorted

Denplan Essentials can help you keep your teeth and gums healthy. Hygiene treatment (scale and polish) is included, so you can be confident about your smile when socialising with family, friends and work colleagues. And if you want to go further, the plan includes dental advice from your dentist about additional treatment options which could enhance your smile.

Emergency cover is included

Denplan Essentials also provides cover for dental injuries and dental emergency treatment, whether in the UK* or abroad (see Supplementary Insurance details for this plan). Simply call our UK-based, 24-Hour Worldwide Dental Emergency Helpline: we'll put your mind at rest and help take care of the details.

*Emergency treatment applies when more than 40 miles away from your dental practice.

How it works

Denplan Essentials will be tailored to fit your needs:

- Your dentist will decide the number of check-ups, hygiene appointments and dental x-rays you're likely to need on an annual basis. Treatment is always at the discretion of the dentist
- Your dentist will then let you know your monthly fee to spread the cost of your ongoing routine care
- Your payment is collected by Denplan monthly by Direct Debit. A one-off registration fee of £15 is payable when you join
- You may save up to 15% with Family Group Discounts if one Direct Debit covers more than one Denplan patient registered at the same practice and if offered by your dentist

Signing up is simple

It's not necessary to have a pre-assessment before joining Denplan Essentials. It's quick and easy to get started. Simply have a chat with your Denplan dentist and arrange an appointment.

The dentist will discuss your dental care with you and tailor a plan to fit your needs. They will ask you to sign a contract with them and complete an application form which is then sent to Denplan.

Further information, benefit limits, exclusions and full terms and conditions can be found in the Denplan Essentials Membership Booklet.

Denplan leads the way

Our unique and wide-ranging services have been supporting dentists and patients for 30 years. We are the UK's leading dental payment plan specialist.
